Strategic Plan 2026-2028

Board approved - confidential

1. Vision

By 2028 Halvorsen Industrial Systems will be the most reliable European supplier of engineered pumping systems, with recurring service and digital revenue representing 25% of group sales.

2. Financial targets

Targets approved by the Board in November 2025.

Year	Revenue	Adj. EBITDA margin	Headcount
2026	EUR 438m	15.2%	4,050
2027	EUR 476m	16.0%	4,180
2028	EUR 521m	17.1%	4,300

3. Strategic initiatives

Initiative 1 - SmartFlow digital services: owner Ritva Soininen, budget EUR 9.5m, target 4,000 connected pumps by 2027.

Initiative 2 - Footprint optimisation: owner Ilari Pesonen, consolidate machining from Brno into Gdansk Assembly by Q2 2027, saving EUR 6.1m per year.

Initiative 3 - Nordic growth: owner Jarmo Pesonen, open Stockholm sales office and grow Nordic revenue by 40%.

Initiative 4 - Project Nordlys: owner Maria Peltoniemi, bolt-on acquisition in valve automation (see confidential memo).

Initiative 5 - Talent: owner Petteri Hartikainen, reduce voluntary attrition from 9.8% to below 7%.

4. Risks

Principal risks: energy price volatility, dependence on two casting suppliers, cyber risk to OT networks, and integration risk on acquisitions. Mitigations are owned by the executive team and reviewed quarterly.
